NORWOOD, MA (OWD)
NORWOOD MEML AIRPORT

VFR ARRIVALS
NOISE ABATEMENT CHART

Effective Date 1/1/00

Noise Abatement guidelines to pilots:

As a result of a Part 150 noise study by the Airport Commission and the FAA, Norwood Memorial Airport has instituted noise abatement procedures for VFR arrivals and departures.

These are designed to reduce the impact of airport operations on surrounding neighborhoods. Please support these efforts. Fly neighborly.

Russ Maguire
Russ Maguire
Norwood Airport Manager

Noise Restrictions

All aircraft exceeding 75 dBA or 87 EPNdB, as measured in FAR Part 36, are prohibited from using airport.
