What you should know about Norwood Light Broadband

Norwood Light Broadband

- Proceeds from both Norwood Broadband and Norwood Electric help reduce your taxes.
- Our installation and service technicians are here in Norwood and often resolve issues in minutes.
- Our services are delivered over a high-speed fiber optic network, without the fancy marketing names.
- We provide high quality local programming and live events of interest to Norwood residents through the Norwood Public Access channels.
- All operations are overseen by your elected officials and an experienced management and service team here in Norwood.
- The Norwood Light Department has served it's residents for over a hundred years and looks forward to a hundred more!
- We value your business and work to make Norwood a prosperous community. Help your community and keep your business here.

The Competition

- Profits support shareholders and expensive marketing campaigns.
- Their service is located some distance from Norwood making issue resolution a time consuming ordeal.
- The fancy marketing names don't make their networks run any better or faster.
- Most competitors don't offer local programming and only one provides limited community events over an old RF link.
- Operations are controlled far from Norwood without any input from residents.
- The competition is located across the country and you become only one of millions. Even speaking with a live voice can be a challenge.
