Henry Cerqueira, Animal Control Officer

The Animal Control Officer is responsible for enforcing State Laws and local Ordinances pertaining to the welfare and control of domestic, exotic and wild animals. The Animal Control Officer is also considered the local Rabies Control Authority and handles many wild animals, which have been reported to be sick or

injured.

We perform a variety of services that help animals as well as the public: rescuing injured or sick animals, controlling stray and potentially dangerous animals roaming at large, from private and public property and transporting lost pets to the animal shelter where their owners can reclaim them. Animals that bite are quarantined and placed under observation to make sure the threat of rabies does not exist. Other situations which we investigate are animal cruelty and abuse, complaints of animal noise annoyance, unsanitary conditions, and abandoned animals. ***If you are interested in adopting a pet, please call the business line and leave a message - we will return your call or check [petfinder](#).***

Our goal is to keep all owned animals confined to their property and to ensure animals are vaccinated and licensed.

Animal Control Officer Henry Cerqueira pulls a fawn from a catch basin at
WINTER 2015

~~The closest thing to water was this asphalt parking lot for this swan at 100 Morse~~

This is what a wolf hybrid looks like.[] [] This particular animal was picked up on January 24, 2011 at 11:30 at night on Beech Street & Bond Street in Norwood.[] [] Anyone who has any information as to who the owner of this animal is; please contact the Norwood Animal Control Officer at

781-762-3159.
